

## University of Rijeka, Faculty of Maritime studies

**PROJECT ACRONYM AND TITLE:** QPORT – IP.1.1.03.0169

**FUNDING PROGRAMME:** Integrated Territorial Programme 2021-2027

**PERSON RESPONSIBLE:** Prof. Borna Debelić, PhD

### FINANCIAL DATA

Eligible budget	Project grant
2.680.779,25 €	1.965.477,77 €

### SUMMARY

The overall objective of the project implementation is to stimulate structural changes in regional economies through the development of innovative products in value-added niches and priority niches of Adriatic Croatia. The project also aims to diversify the business operations of SPIN Consortium members and contribute to addressing key societal challenges of the Primorje-Gorski Kotar County.

The specific objectives are:

- Development of the innovative application QPORT, consisting of three innovative and independent modules: Qport Berth Management, Qport Marketplace, and Qport VNS
- Contribution to the industrial transition of the Adriatic Croatia region within the priority niche of Luxury Coastal Tourism
- Contribution to the transformative goals of the Smart Specialisation Strategy (S3) within Thematic Priority Area 7: Digital Products and Platforms, and Area 3: Smart and Green Transport
- Contribution to addressing societal challenges in Primorje-Gorski Kotar County, including investments in nautical tourism, within Specific Objective 1.2: Economic growth focused on strengthening exports, increasing productivity, and supporting digital transformation

Start date	End date
01.04.2025.	31.03.2028.
